

Summary of capabilities

Bishop's Stortford, UK

Overview:

The Bishop's Stortford facility in the United Kingdom offers GMP biologics storage and cell therapy clinical trial support, including packaging, labeling, and kitting. We are a leading provider of specialized biological sample and material management, as well as cell therapy logistics, serving pharmaceutical and biotech companies and national academic institutions.

Facility facts		Offerings
Opened:	2004	• Importation/exportation services • GMP storage at controlled ambient (15°C to 25°C), refrigerated (2°C to 8°C), frozen (-20°C to -80°C), and cryogenic (-150°C) temperatures • Secondary packaging in controlled environments, including ambient (15°C to 25°C), refrigerated (2°C to 8°C), and frozen (-20°C) • Pick and pack and distribution services that include temperature management and monitoring • Clinical storage/destruction service
Audited:	cGMP site, HTA, MHRA, ISO 9001: 2015	
Facility size:	30,000 sq. ft.	
Contact info:	Woodside Industrial Estate Unit 1 Bishop's Stortford CM23 5RG, United Kingdom Tel: +44 (0) 1279 713320	

Bishop's Stortford clinical storage and packaging capabilities:

Storage capacity		Capabilities and services
Controlled ambient (15°C to 25°C)	6,604 cu. ft. (187 cu. m.)	Secondary packaging • Three (3) uncontrolled ambient cabins • One (1) controlled ambient (15°C to 25°C) cabin • Two (2) refrigerated (2°C to 8°C) cabins • Two (2) frozen (-20°C) cabin • Packaging over dry ice (>-60°C) and vapor phase LN2 Distribution • Reusable LN2 shipper program • Import/export support • Material destruction
Refrigerated (2°C to 8°C)	7,910 cu. ft. (224 cu. m.)	
Frozen (-20°C)	9,040 cu. ft. (256 cu. m.)	
Frozen (-30°C)	14,126 cu. ft. (400 cu. m.)	
Frozen (-40°C)	9 units	
Ultra-frozen (-70°C)	-80°C units can be revalidated	
Ultra-frozen (-80°C)	268 units	
Cryogenic (-150°C)	101 LN2 tanks	

From molecule to medicine

An integrated partner for every step in your drug development journey

Thermo Fisher Scientific provides industry-leading pharma services for drug development, clinical trial logistics, and commercial manufacturing through our Patheon™ brand. We partner with customers in the pharmaceutical, biotech, and life sciences industries as their trusted CDMO to deliver medicine to patients faster. With more than 60 facilities around the world, we provide end-to-end pharma services across all phases of development and commercial manufacturing, including API, oral solid dose, biologics, cell therapy, mRNA, viral vectors, formulation, clinical trial solutions, logistics services, and packaging. We couple our scientific and technical excellence in these areas with a strategic partnership to provide customers of all sizes access to a global network of facilities and dedicated experts across the Americas, Europe, Asia, and Australia. Through our integrated service offerings, we provide tailored solutions to fit your unique drug development journey, accelerating your time to market.

Discover the power of our global network.
