

Mexico City, Mexico

Facility facts:

Opened: 2008
 Audited: COFEPRIS
 Contact Info: Parque Industrial FINSA Av.
 Michoacán No. 20 Nave 9D Col.
 Renovación 09209 - México, D.F.
 Tel: +52 555 696 7170

Overview:

Our Mexico facility and operations team offers specialized services in clinical supply chain management and supports global pharmaceutical and biotech companies wishing to conduct clinical research in Mexico & in Latin America.

The highly trained project management team has a track record of excellence in the proficient management of 900+ clinical supply chain projects. Our multi-lingual team is proficient in helping global pharmaceutical and biotech companies to distribute 3200+ shipments to investigator sites annually, including 66%+ requiring temperature management, with 99.06% on-time order dispatch.

Capabilities:

- Importation / Exportation services including tax and duty payments, and customs clearance
- GMP storage at ambient, controlled ambient (15°C to 25°C), refrigerated (2°C to 8°C) and frozen (options ranging from -15°C to -80°C), as well as ambient controlled drug storage
- Secondary packaging in environment, including refrigerated (2°C to 8°C). Packaging of -20°C materials can be accommodated.
- In-house labeling, including cold chain, and expiry date labeling / relabeling
- Comparator and Clinical Ancillaries sourcing and management
- Clinical Supply Optimization Services
- Pick & Pack, and Distribution services that include temperature management and monitoring for local, regional and international shipments
- Clinical supply returns / storage / destruction service international shipments

Clinical Storage and Packaging Capabilities

Storage Capacity		Capabilities / Services
Ambient (Packaging)	1,042 sq. ft. (96.9 sqm)	Secondary Packaging <ul style="list-style-type: none"> • Two (2) controlled ambient secondary packaging production rooms, two (2) refrigerated secondary packaging production rooms, one (1) Frozen Secondary packaging production rooms • Cold chain labeling • Expiry date labeling/relabeling • Just-in-Time labeling Distribution <ul style="list-style-type: none"> • Comparator and Clinical Ancillary Materials sourcing & management • Controlled / Scheduled drug storage / distribution • Pooling of supplies • Reusable shipper program • Domestic & international transportation management • Import / Export permit application, Importer of Record, customs clearance • Returns / Destruction
Controlled Ambient (15°C to 25°C)	5500 sq. ft. (551 sqm)	
Refrigerated (2°C to 8°C)	68,134 cu. ft. (1,929 m³)	
Frozen (-15°C to -25°C)	6,330 cu. ft. (179 m³)	
Ultra-Frozen (-60°C to -80°C)	131 cu. ft. (4.5 m³) reach in units

From molecule to medicine: An integrated partner for every step in your drug development journey.

From the earliest stages of development to final distribution to your patient, together, we can make an impact. With more than 65 facilities across 25 countries, Thermo Fisher Scientific pharma services provides end-to-end capabilities across all phases of development, including API, biologics, viral vectors, cGMP plasmids, formulation, clinical trials solutions, logistics services and commercial manufacturing and packaging. We give pharma and biotech companies of all sizes instant access to technical experts across the Americas, Europe, Asia and Australia. Through our Quick to Care™ program, we provide drug development and clinical services that are tailored to fit your unique drug development journey.
